

DIG 2013

Perth Region Field Trip

Register now for the DIG Perth Region Field Trip Saturday 29th June 2013

As part of the Dieback Information Group Conference 2013 we have put together a Perth-based field trip to show you the impacts and management of Phytophthora species in natural ecosystems and industry. This is a rare chance to hear from the land managers, experts and business managers dealing with these plant pathogens.

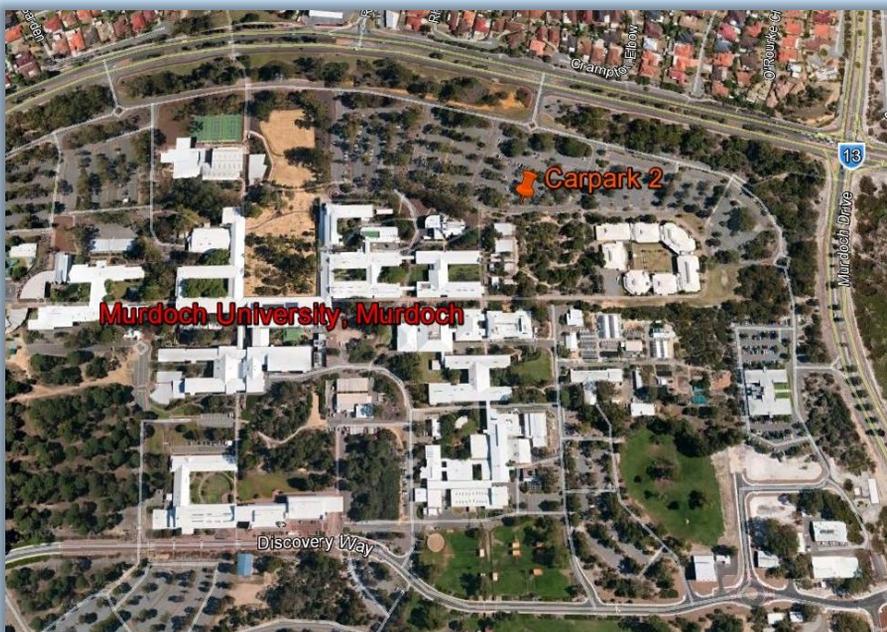

Details of the field trip:

Date:	Saturday 29 th June
Time:	Bus departs 9am sharp, returns by 4:30pm
Transport:	Hired bus
Capacity:	45 people
Cost:	\$15pp incl bus, lunch, morning & afternoon tea
Meeting point:	Car-park 2, Murdoch University, 90 South St, Murdoch (look for Adams bus)- map below
Notes:	Murdoch University parking is free on weekends

To register email DWG Coordinator Kat Sambrooks with you full name, phone number and any special dietary requirements. Payments will be taken in cash on the day. The meeting point indicated on map below.

Program on next page

This project is supported by the Dieback Working Group, with funding from Perth Region NRM through the Australian Government's Caring for our Country; Alcoa of Australia and other supporters.
